variably in advance; single copies 5 cents.

A liberal commission will be allowed to

parties who are willing to act as agents for

us. Write for terms.

Address,  
THE PROGRESS PRINTING CO.,  
Qu'Appelle, Assn.

A. C. PATTERSON, Manager.

THURSDAY, NOV. 9, 1893.

The frequent rumor that Mr.

Charles Herbert Mackintosh, the

popular M.P. for Ottawa, had been

appointed to succeed the Hon.

Joseph Royal as Lieutenant-Governor

of the North-West Territories

has been proved by time to be

correct, and the ceremony of swear-

ing in was performed at Montreal

on the 1st inst. in the presence of

the Governor-General of Canada.

At the time the change in the

governorship was first discussed,

Mr. Mackintosh's name was men-

tioned as one who would be likely

to get the appointment, and we then

stated that we knew of no eastern

man who would be more acceptable

to our people than he who has

ultimately been chosen, and we

believe the news of his appointment

has been received with general

satisfaction. As will be seen from

the biographical sketch, in another

column, his life has been a busy

one, and the experience he has

gained makes him well qualified to

fill the gubernatorial chair, while

his wide knowledge will enable him

to discharge the duties of his office

with efficiency.

THE LATE COL. THOMPSON.

The late Col. Thompson, whose

death, on the 27th October, we

recorded last week, was a man who

had spent a very active and useful

life. The son of Major Joseph

Thompson, late of H.M. 40th Regi-

ment of Infantry, he was born at

Salisbury, England, in 1810, and

was educated at the Grammar

School, Berwick-on-Tweed. In 1836

he left England and came to Canada,

and settled in the Township of

Brook, Ont., where he continued to

reside for a period of 48 years.

During these years, his time was

fully occupied in works of a public

character for the good of the dis-

trict. Amongst the numerous ap-

pointments he held may be men-

tioned Government Surveyor of

Roads, Reeve of the Township of

Brook for 12 years, and Warden of

the County of Ontario in the years

1856, 1857, 1860, 1864 and 1865.

He was also a Justice of the Peace

for Ontario. In 1859, the Governor-

General of British North America,

Sir Edmund Walker Head, Bart.,

appointed him Lieutenant-Colonel

of the 7th Battalion of Ontario.

On the occasion of the visit of

H.R.H. the Prince of Wales to

Canada in 1860, he had the honor

as Warden of the County of Ontario,

of presenting the Prince with a

loyal address on behalf of the resi-

dents of the district. From 1867 to

1872 he represented North Ontario

in the House of Commons in the

Grit interests. During his residence

in Ontario he took a prominent part

in Church work, being churchwarden

of the parish in which he resided,

and a lay delegate to the Synod of

Ontario until he removed to Qu'Ap-

pele in 1884. Since his arrival

here he has taken no part in politics,

but has led a quiet and peaceful

life, his favorite hobby being his

garden, in which he spent a great

deal of his time and was very

successful in raising vegetables.

His kindly bearing and old time

courtesy manners caused him to be

esteemed by all; no one who had

the pleasure of his friendship could

rejoice him other than one of nature's

gentlemen. Although away from

England for 57 years, he was always

pleased to talk to people from that

## Town & Country Cullings.

Lieutenant-Governor Mackintosh is on his way to Regina.

Mr. S. T. Collins has moved into the shop next door to Mr. Smith's shaving saloon.

Mrs. Cline, of Moose Jaw, who has been visiting relatives and friends here, went to Grenfell on Tuesday morning.

Mrs. Raymond met with a mishap on Monday by upsetting a teapot off the stove, which resulted in a badly scalded foot.

Bishop Burn returned from Pense last week end, where he had been to conduct a confirmation service. Thirteen candidates were confirmed.

Mr. G. H. V. Bullock disposed of a number of sheep to Messrs. Lindsay and Lee to go on their ranch in the Qu'Appelle Valley. They were taken from here on Monday last.

Mr. J. H. MacCaul has leased his weighing machine to the Municipality, and Mr. Fred Bell has been appointed weigh master. The small sum of five cents will be charged for weighing.

Rev. Mr. Sargent was duly installed Incumbent of St. Peter's on Wednesday evening last. The Bishop preached a very impressive sermon, particularly pointing out the duties of a clergyman.

Next Sunday the Rev. E. T. Carter will preach at Bideley at 3 p.m., and in Qu'Appelle at 7 p.m. At the close of service Holy Communion will be observed. All are invited. The quarterly official meeting is to be held on Tuesday at 2.30.

A sale of young thoroughbred Durham, Polled Angus and Holstein bulls and heifers, and English white and Berkshire pigs will be held on the Experimental Farm, Indian Head, on Wednesday, 22nd November. Sale to commence at 1 o'clock p.m.

A little excitement was caused on Monday afternoon by a runaway team dashing down the street with an empty wagon. Fortunately there was nothing in the way at the time, and the frightened animals were brought to a standstill without any damage being done.

Col. Denison, police magistrate of Toronto, who was stationed here with troops at the time of the rebellion, has been giving evidence before the Royal Commission on Prohibition with reference to his experience of the working of Prohibition in the North-West.

There was a dance at Mr. Stewart Mitchell's on Thursday night last. A number of those who delight to indulge in tripping through the midnight hours were present from town, and, added to those from the country, made a large company. Festivities were kept up till far into the following morning.

Senator Perley, the wide awake Commissioner for the Northwest Territories, this week sold five cars of the famous wheat, for which his country is noted, to a North Dakota, who will dispose of it for seedling purposes. The Senator has all but booked orders for ten more cars. —Chicago Canadian-American.

An application was made on Saturday, at Moosomin, by Mr. Rimmer for the postponement of the trial of Antonio Succiano and Antonio de Jedia, charged with the murder of a scissor grinder at Grenfell. The application was granted, and the trial is now fixed for January 22nd next.

The reservoirs have been well patronized by skaters during the past week, but the ice was "somewhat honeycombed," as a young man was heard to remark whilst escorting a young lady home whose experiences on the ice, or rather through it, had not been of the pleasantest.

The resignation of Winnipeg's M.P. Hugh John Macdonald, has necessitated a bye-election. A dispatch was received from Ottawa on Saturday fixing nomination day for the 15th inst., and the election for the 22nd. The names of Mr. Colin H. Campbell and the Hon. Joseph Martin are spoken of as candidates.

The daily papers contain long accounts of the fighting in South Africa between the Matabele and the British forces. One dispatch gives an account of how the Hon. Maurice Gifford, an old Qu'Appelle settler, avenged the death of Capt. Edward Burnett, of the British South African Company's forces, Capt. Burnett, with Mr. Gifford, was guarding two Matabele prisoners in a hut, when one of the prisoners seized a loaded rifle that had carelessly been left within his reach, and shot Burnett dead. Mr. Gifford thereupon shot and killed both the prisoners and set fire to the hut, cremating their bodies.

Mr. A. McKenzie's handsome brick building is about completed, the painters only having to give it the finishing touches. The erection of this substantial building on our main street has added much to its appearance, and it will doubtless be the forerunner of more structures of a similar character by the other merchants. Mr. Wm. Henderson, Regina, is the architect, and Mr. McDougall, Regina, the contractor. First class work has been put in, and the building looks well both inside and out. Two large rooms are to serve as an addition to Mr. McKenzie's dwelling, and a spacious store, with five good rooms above form a capital dwelling and business premises.

Sara Lord Bailey, elocutionist and dramatic reader, of Boston, appeared before a Qu'Appelle audience on Tuesday evening, under the auspices of the Qu'Appelle Court No. 656, Independent Order of Foresters. Mr. G. H. V. Bullock introduced the fair entertainer, who gave as the first piece on the programme "Boston Vendor's Call," followed by "How the Ladies usually fish." After being convulsed with laughter by the rendering of this humorous selection, the audience had a treat in a fine description of the "Chariot Race" from Ben Her, which was the strong part of the evening's entertainment. The risible faculties of the audience were again appealed to when Miss Bailey took the role of a small boy in "Prompt obedience," and she was greeted with rounds of applause as she concluded. The "Creeds of the bells" was followed by "Money Musk," a selection which was well received and seemed to remind some of the company of days long gone by. The "Engineer's signal" displayed Miss Bailey's power of imitating the tones and manner of blowing engine whistles, and an entertainment which seemed all too short was concluded by a laughable sketch entitled "Royal Bumper Degree."

### LORLIE.

Things are somewhat lively in this district this week, there being four threshing outfits working within a few miles of each other, and the traction as she steams across the prairie makes one long to see the iron horse speeding its way through this locality to take our produce to a good market.

The grain on an average has turned out very good, although the hot winds damaged the quality somewhat.

The whole inhabitants of the town of Lorlie recently turned out to thoroughly kalsomine and renovate our Deputy Postmaster's beautiful residence in anticipation of a very important event.

Mr. T. W. Pinder, one of the early settlers, leaves shortly for Regina, where he has secured a very remunerative situation, but intends returning in the spring to commence farming operations extensively.

The Rev. Mr. McCullen preached a very impressive sermon in aid of Missions at Balcarres, Sunday morning, and Lorlie in the afternoon, to small but very attentive congregations.

Mr. Cantelon, who has been visiting his many friends at Balcarres returned Sunday evening looking hale and hearty.

### WHITEWOOD.

A regular sitting of the Supreme Court was held here on Monday, 6th inst., Hon. Mr. Justice Wetmore presiding. The bar was represented by W. White, Q.C., F. E. Forbes, of Moosomin, and H. A. J. McDougall, Whitehead, Sheriff Murphy was also present.

The first case called was Queen vs. J. Lamont. Prisoner charged with wounding W. Sheppard with intent to do grievous bodily harm.

Queen vs. Dan Hunter. Prisoner was charged with assaulting a constable while in discharge of his duty.

Queen vs. Green. Prisoner was charged with stealing a bull out of the pound. Prisoner claims the bull was his own property.

There is also a large civil docket to be gone through.

### WEDDING AT QU'APPELLE.

The marriage of Mr. Alfred Ernest Whiffin to Miss Lucy Collard took place in St. Peter's Cathedral on Wednesday afternoon, and was witnessed by a large gathering of people. The bride was attired in white ivory Soudah silk trimmed with limerick lace. She also wore a wreath of orange blossom and tulle veil, and carried in her hand an exquisite "shower" bouquet of roses, hyacinths, chrysanthemums, maiden hair fern, etc. The bridesmaids—Miss Katie Boyce and Miss Carter—wore dresses of cream and blue, trimmed with gold and yellow Pongee silk, and hats with black lace and yellow chrysanthemums. They also carried "shower" bouquets of choice flowers. Mr. A. H. B. Sperling acted in the capacity of groomsmen. The bride was given away by Mr. J. H. Boyce. The Bishop performed the ceremony,

assisted by the Rev. J. P. Sargent. The Bishop delivered a very appropriate address, and Miss Boyce, who presided at the organ, discoursed suitable music. After the service, the happy couple, attended by a large circle of friends, drove to the College, where the Bishop and Mrs. Burn gave a reception. Mr. and Mrs. Whiffin left on last night's train for Winnipeg. If there is any truth in the old adage "Happy the bride the sun shines on," Mrs. Whiffin's lot ought to be a happy one, as the weather was all that could be desired. The Progress wishes them long life and happiness.

### OUR NEW LIEUTENANT-GOVERNOR.

The ceremony of swearing in C. H. Mackintosh, our new Lieutenant-Governor, was performed on the 1st inst., at Montreal, by Lord Aberdeen. Owing to the death of Sir John Abbott, the proceedings were of a very quiet nature. Mr. J. McGee, clerk of the Privy Council, administered the oath of office. Lieutenant-Governor Mackintosh afterwards dined with the Governor-General by special invitation.

### BIOGRAPHICAL.

Charles Herbert Mackintosh, son of Capt. William Mackintosh, of Wicklow, Ireland, who came to Canada as an attaché of the ordnance branch of the British army, and afterwards county engineer of Middlesex, related to Sir James Mackintosh, the essayist and historian. Born in London, Ont., 1843. Educated at Galt grammar school and Carleton academy. Married April 7th, 1868, Gertrude, daughter of T. Cooke, Esq., J.P., of Strathroy. Wrote "Welcome to H.R.H. the Prince of Wales" (1869) which was presented at the time of his visit to Canada (1862). "Hurry-Graphs" under the nom de plume of Fat Contributor, for the London Free Press, and became city editor of that journal, giving up the study of law. Became city editor of the Hamilton Times in 1864, and in 1865 published the Strathroy Dispatch until 1874, when he sold out. Wrote and published (1871) "The Chicago Fire" (1873) "The Financial Panic in U.S. and its causes." Was managing editor of the Chicago Journal of Commerce, 1873, having taken that position in order to study the protection question. In 1874 became editor of the Ottawa Daily Citizen. Edited Canadian Parliamentary Companion from 1877 to 1882. Published various pamphlets containing protection speeches from 1876 to 1878. Was awarded gold and silver medal (1875) for prize poem at O'Connell Centennial. Founded Parkhill Gazette in 1871. Member Strathroy town council 1873. An unsuccessful candidate for North Middlesex in Legislative Assembly, Ontario, in 1871. Mayor of Ottawa 1879-80-81, when unseated upon a technicality and re-elected. Life member of the Institute Canadian; life member of Protestant hospital. President of the Citizen Printing and Publishing company; president Ottawa Snow-shoe club, 1880-81; vice-president Ottawa Turf club and Ottawa Rowing club; was chairman of Dominion Exhibition (1879), and president Agricultural Association 1881; was president of the Ottawa Colonization and Gaitaneau railways; declined to become a candidate for the mayoralty in 1882. Was first returned to parliament at the general election of 1882.

### BURIAL OF THE MAYOR OF CHICAGO.

The body of Chicago's murdered mayor was borne to the grave in the presence of a vast multitude of people. All through the previous night a ceaseless procession passed on either side of the casket in the corridor of the city hall, and at 9 o'clock on the morning of the 1st, 5,000 people were still awaiting admission at the eastern portico, the funeral arrangements, however, necessitated the closing of the doors. The casket was then lifted from the bier, the lid closed, and on the top were placed tributes from the deceased's daughters and sons. In the meantime the various societies and organizations whose representation in the parade had been accepted, were formed on the lake front and streets adjacent thereto. The procession was headed by a platoon of police, and comprised bands of music, a number of city officials, two detachments of the Fifteenth Infantry U.S. troops, a number of regiments of the National Guard, delegates of one of the police departments, the Chicago Hussars, the honorary pall-bearers and a number of civic organizations. There were 50,000 mourners in the line. The Rev. Dr. E. N. Morrison met the body at the Church of the Epiphany, and brief services of the Episcopal Church were read. After an eloquent tribute to the life of the deceased and the singing of hymns the procession resumed its way to Graceland Cemetery, where the remains were placed in a receiving vault.

### THE REGINA TRAGEDY.

REGINA, Nov. 5.—The inquest on the body of Whitman, the German, who was killed by a blow of a shovel in the hands of J. McDonald, was held yesterday in the town hall. The jury who were sworn in on Tuesday last were as follows: R. Martin, Foreman, E. B. Ferguson, E. McCarthy, J. Moody, J. Marshall and J. S. Donahue; Coroner Dr. Low presiding. Mr. P. McEara, Jr. acted as coroner's clerk. Dr. Dickenson was the principal witness examined, in answer to the question as to whether Whitman's death was caused by the blow he received on the head witness said he could not tell until after the post-mortem examination to be held to-day. The evidence of Wm. Mollard, the two Germans who witnessed the assault, and of two policemen was taken. The facts, as told by the witnesses, are as follows: Young McDonald was sent by the Western Milling company to the new court house, now under construction, for some mortar. Whitman, who had charge of that part of the work, had most of the mortar covered with sand to keep it from freezing through the night. He directed McDonald to the other end of the pile. McDonald did not seem very willing to take it from that end, so Whitman taking McDonald's shovel threw it to the other end of the pile to the place where he told him to take the mortar from. McDonald then called him a vile name. Whitman replied, calling McDonald a viler name. McDonald then took his shovel and struck Whitman on the head with it. After taking considerable evidence to this effect the court adjourned to meet again to-day after the post-mortem examination has been held.

At the adjourned coroner's inquest the jury brought in a verdict that Whitman came to his death through injuries received by being struck on the head with a shovel in the hands of one John McDonald.

### FAST TIME ACROSS THE ATLANTIC.

Some exceptionally quick passages have recently been made across the Atlantic. The Cunard steamer Campania, Capt. Haines, left New York on October 28th, and passed Broadhead at 10.05 p.m. on November 2nd. The time occupied was 5 days, 10 hours and 30 minutes, thus beating all records for the eastern passage. The Lucania also of the Cunard line, made the eastern voyage in 5 days, 13 hours and 30 minutes, on October 29th, beating all previous records.

### EVOLUTION IN FARMING.

The agriculture of the future will develop possibilities in the way of increased production that are almost undreamed of now. By our ordinary methods of sowing and cultivating the small grains we average about a twelve-fold increase. An experiment in England with a single grain of barley has resulted in the production of a stalk which in its turn produced two hundred and forty-nine other stalks, yielding eighteen thousand grains. Some of these days we shall see intensive methods applied to the production of grain crops.

### SUGGESTION BY OUR LATE GOVERNOR-GENERAL.

Lord Derby, late Governor-General of Canada, addressing a representative meeting of Lancashire agriculturists at Preston, said he believed the County Council ought to imitate Canada's policy and establish experimental farms. He testified to the very great benefits accruing to the Dominion from these farms and institutes connected with them, instancing the fact of their testing the value of soils and of recommending the best kind of manure for improving them. The meeting unanimously passed resolutions in favor of Lord Derby's advice.

### A COUMBIAN MUSEUM.

The grandest building in Jackson's Park—the Palace of Fine Arts—is likely to be converted into a museum which will be the most wonderful institution of its kind in the world. The wealthy men of Chicago and others not wealthy who contributed to the building of the exposition will now spend their money for the establishment of the museum. Marshall Field has given the project a good start by the very handsome donation of \$1,000,000, and George M. Pullman has promised another \$100,000. Mr. Field's gift is made on the condition that \$500,000 be raised outside of his contribution, and that \$2,000,000 stock of the exposition be assigned to the trustees of the projected museum. As soon as the information of Mr. Field's liberality got out the stock holders were telling the finance committee of the museum that their shares of stock would be gladly contributed toward the fund. Mr. Field's munificence fired the public enthusiasm, as it did that of all the exposition officials, and for starting the fund so liberally it is thought the museum will bear Mr. Field's name.

### OFFICIAL CLOSING OF THE WORLD'S FAIR.

There were no closing ceremonies at the World's Fair on Monday, owing to the tragic death of Mayor Harrison. The exhibits from Canada have been packed ready for shipment to the exhibitions to be opened at Antwerp and California. The gates were only officially closed, for they were opened again the following morning, and there was the usual band music during the day and illumination and playing of fountains at night.

### ELECTRICITY IN AGRICULTURE.

An interesting example of electricity as applied to farm work is now in operation at a Scotch farm. The whole of the usual farm machinery, such as threshing, sowing, corn threshing, and the like, is here driven by an electric motor. The electricity is generated by water power, the turbine wheel which drives the dynamo being about 1000 yards from the farm. The electric current is conveyed by underground wires to the house and farm, in each of which a storage battery is placed. These supply the electric current for lighting and motive purposes when the machinery is not working. The whole of the mansion is illuminated by electric light, and an electric motor is provided for pumping the water for domestic purposes.

### INTERESTING CEREMONY AT HAMILTON.

The unveiling of the statue of the late Sir John A. Macdonald at Hamilton on Wednesday, the 1st inst., was an event of considerable interest in the history of the city. It is estimated that fully 10,000 people assembled on the Gore to witness the ceremony. As Sir John Thompson, Sir Oliver Mowat and other distinguished dignitaries ascended the platform they were greeted with cheers. Sir John Thompson congratulated Hamilton on being the first city in Canada to erect a statue in memory of so great a man as Sir John Macdonald. Touching an electric button, the flag surrounding the statue dropped, and disclosed a magnificent bronze statue which is pronounced by all to be an excellent likeness of the deceased leader. An outburst of cheering followed the unveiling, and the band played a loyal selection. Sir John Thompson then read an address, which referred in most eulogistic terms to the departed statesman's career, his works and his motives. Before concluding he made reference to the death of the late Sir John Macdonald's successor, Sir John Abbott, in words of great praise. The Premier's address was followed by addresses from Sir Adolphe Caron, Sir Charles Hibbert Tupper and Sir Oliver Mowat.

### IMPOUNDED.
